

Woodruff Sustainability Award

This form must be turned in to the camp office by lunchtime on Friday.

Each Scout or Adult Leader must submit their own form – this is not a troop award.

Sustainability is managing resources to meet the needs of the present without compromising the ability of future generations to meet their needs. Sustainable practices support ecological, human, and economic health and vitality. This award was designed to build awareness of sustainability and sustainability practices.

To earn The Woodruff Sustainability Award complete 6 of the 8 sustainability requirements below. A staff member or an Adult Scouter can sign off on each requirement when complete. The Woodruff Sustainability Award may be earned by both Scouts and Adult Scouters.

_____ Begin your Scouting for Clean Waterways journey by picking up a brochure at the Donnell Nature Area and learn how you and your troop can earn the new Woodruff Scouting for Clean Waterways award.

_____ Visit the rain barrel education area at the Donnell Nature Area. Learn why rainwater collection is important and how you can add one at your home.

_____ Visit the Woodruff Global Village in Life Skills to learn about the United Nations Sustainable Development Goals. Choose one of the seventeen SDG's and write an action statement of what you can do to help.

Sustainable Development Goal: _____. I will _____

_____ Participate in the Woodruff Recycling Program. Collect recyclables in your campsite and place them in your campsite recycling bin by your site number for pickup on Saturday

_____ Acquire an empty plastic bottle or aluminum can. Visit the Donnell Nature Area to learn how to convert it into a bird feeder. Create your own bird feeder to take home with you.

_____ Visit the Composting Education Area at the Donnell Nature Area. Learn how composting works and how you can create a compost facility at your home, sponsoring organization or community garden.

_____ Visit the garden at Kendell Crossing and help with watering, weeding or harvesting. Learn about gardening and how a home or community garden can contribute to sustainability and reduce your carbon footprint.

_____ Join the Woodruff Scout Camp litter challenge by downloading the Litterati app on your cellphone and log in using the challenge code WSC2026. Meet the challenge by taking a picture on the app of 5 pieces of litter at camp and then placing them in the trash.

Patches will be included in your troop bag at check-out on Friday night after the closing campfire.

Scout/Scouter Name: _____ Troop #: _____ Council: _____
