What is Scouts BSA?

Scouts BSA is a year-round program for boys and girls in fifth grade through high school that provides fun, adventure, learning and responsibility to help young people become the best version of themselves.

In Scouts BSA, families can choose from boy troops, girl troops, or combined troops for both boys and girls—find the best fit near you. Young men and women will go places, challenge themselves, and experience one-of-a-kind adventures found nowhere else.
